Dear Pastor Carter,

While we are in the States on furlough, the work in Uganda continues under the direction of the national leadership. God is blessing. Souls are being saved, lives are being changed, and the churches are growing. As the ministries grow, the needs also increase. Right now, there are several pressing needs that we would like you to consider helping with.

Rubiri Bible Baptist Church. They have been building a new church building, and the basic structure is done, but they need \$4,500.00 to do the finishing work so that they can begin using the building. In the meantime, the church is meeting in the home of one of the church members, but attendance has dropped as many are waiting for the new building to be completed.

Rukono Bible Baptist Church. This new church has been meeting in a small rented building, but they recently bought land and are constructing their own church building. The church members are very poor, but they have come together and contributed bricks, sand, and cement for the construction. They just need help with the materials for the roof. They need \$450.00 to finish their building.

Bible Baptist Orphanage and Goodwill Baptist School. We currently have seventeen orphans in the orphanage and school. Four of these orphans need sponsors for this school term starting in a couple of weeks. It costs \$200.00 to sponsor one of these orphans for one school term. There are also three other orphans waiting to be sponsored. It costs \$780.00 to sponsor a new orphan into the orphanage and school for the first year (and \$610.00 per year after that). The orphanage and school also need a new dormitory/classroom building. They need \$20,000.00, and we have \$10,250.00 raised so far.

If you could help with any of these needs, please send your contribution to the Baptist Bible Fellowship Mission Office with a note explaining what it is for. Thank you so much. We appreciate your prayers and support.

Yours in Uganda,

Russ & Sylvia Daniels

\$ 100.00 received in July and August.

Thank you!

PS: We have been able to buy a new computer to replace the one that was stolen in Uganda. Thank you to all who contributed to this need.
