September 2008

Dear Pastor and Friends,

The Lord has been working in our lives preparing us for a new adventure - that of furlough. First on the agenda was a place to live and God has been working that out for us. We hope to be moved into a house soon. This will be just a few days before Barry starts traveling to churches. God's timing is always right!

Our son Caleb has started school at Hutchinson High School and is being challenged with his new classes. He has a lot of American History classes to catch up on. It was decided that he should be a Senior instead of a Junior which will allow him to graduate a year early. He has also been working hard to get his driver's license as soon as possible. He is ready but I am not sure if our insurance company is! Furlough is a time of adjustment for all of us.

Much of our time has been spent working on the furlough schedule while waiting to move from this one bedroom apartment into the house the Lord is providing. The schedule is beginning to fill but many more new churches are needed. Please pray that the Lord will raise up those new churches with a great heart for missions and that we can be used in this process.

We have recently received a report from Ian and Marie Hutchings on Hope Baptist Church in Cannock, England. The Lift Camp Ministries from the USA put on a camp under the direction of Dale Peterson and Dan Brown. Ian and Marie rounded up 51 kids from the Cannock area to attend. Thirty-two of those young people made professions of faith. Praise the Lord! Many of these young people were from the youth club that Marie helps with. Two of these who accepted the Lord were Marie's neighbors, Jade and Chloe. Some of Ian and Marie's nieces and nephews were saved as well as young people from families of other members of Hope Baptist. Some of the parents of these un-churched young people have promised to start attending because of the impact of the camp. Marie says "it's been amazing". One of the young persons wants to help start a youth group in the church and they are planning to start a youth Bible study. It has been a privilege to have part in starting this work with Ian and Marie.

As you see, our hearts are back in England for the people and the work there. Pray that God will provide the extra needed support for us to be able to go back and serve Him in England. While the Lord is raising the needed support, pray for our traveling safety and for the Lord to touch hearts for His service. God bless you. We will continue to pray for you.
